AXESS[™]: Identify and Control Printing Costs

AXESS™ Helps Uncover the Unknown Costs of Printing

Managing and Maintaining your imaging fleet is frustrating and time consuming. This doesn't have to be your problem anymore. Free yourself from printing devices with AXESS™.

With a simple secure download, we can collect real time data from your printing devices and uncover ways to manage and optimize your print technology from an easy to user web interface. Partner with us to develop a more efficient and productive print management strategy.

Powerful Information about Your Printing Environment

AXESS™ collects critical information from your networked printers, copiers, MFPs and fax machines, such as:

- Current status
- Model descriptions
- Cost-per-Page tracking
- Historical trending reports
- Supplies levels
- Serial and asset numbers
- Automated service alerts
- Page counts
- Printer locations
- Utilization

Secure and Reliable Technology

The AXESS™ Data Collection Agent (DCA) is installed on a single workstation at your location in under 5 minutes. The DCA runs as a Windows® service in the background, collecting and transmitting critical imaging metrics to the AXESS™ secure web server. From then on, your printer information will be available 24 hours a day, 7 days a week via the AXESS™ secure website.

No personal or user data is collected with the software; only the core metrics needed to maintain and manage your printing assets are gathered.

System/Network Requirements:

- TCP/IP configured
- Port 443 (HTTPS), Port 80 (HTTP), or Port 21 (FTP) must be open for automatic transmission of data
- Hardware: Desktop computer system
- Network Card: 100MB or higher
- Operating System: Windows 2000/XP
- RAM: 256MB or higher
- Internet connected browser with a minimum of 100MB NIC
- System must be powered on all the time
- Does not have to be a dedicated system

AXESS™ remote print management technology collects powerful information and allows us to provide the ultimate solution for managing and maintaining your printing environment.

Partner with us to collaborate on a print management plan of action that works for you.
